

School Visits by Scotti Cohn  
**FEEDBACK FROM TEACHERS & LIBRARIANS**

*Scotti did a wonderful job of presenting to our 3rd and 4th graders the process she takes when she writes a book. I felt that she offered plenty of time for the students to ask questions about what she presented as well as allowing them to interact with her during the presentation. She did a wonderful job of keeping her presentation geared to their level.*

Mrs. Kim Bachman  
3rd Grade, Goodfield Elementary  
Goodfield, IL

-----

*Scotti has a delightful composure and congenial friendly way about her when she speaks. This was a presentation which was well worth the children's time and I am sure that they have a better understanding of all of the ups and down which are a part of getting a book published!*

Mary Sadoun / Third Grade  
Jefferson Park Grade School, El Paso, IL

-----

*Thank you very much for coming to Farmington, The program was great, and a fine ending to our summer reading program. I recommended you to a Library Director's group I met with on Friday. I said you were very easy to work with and that we all enjoyed the program. Also that it was educational.*

Barbara Love  
Director, Farmington Area Public Library District  
Farmington, IL

-----

*Thank you for talking with our Young Authors at Glen Carbon School. I think the event went great! The children were very excited. You shared such wonderful information with them. My class loved the book when we read it before the visit. I can't wait to buy my own copy and one for each of my son's families.*

Beth Jennings  
Glen Carbon Young Author Representative

-----

*The use of props and audio-visuals was appropriate and helpful for understanding the writing process and research that you did to prepare for writing the book. The humor was perfect...definitely age appropriate and plenty of humor to make them laugh and keep them engaged. I would describe you as*

*informed, engaging, humourous and kid-friendly. Thanks so much for visiting our school. We enjoyed ourselves!*

Erin Bowman  
Learning Behavior Specialist  
Glenn Elementary School  
Normal, IL

-----

*I was impressed with Scotti's program and how well she incorporated the power point with Lobo, the wolf puppet. She gave a lot of information about wolves through the book and the power point in a very conversational, casual manner. The children learned without realizing it.*

Linda Schultz / Youth Services Librarian  
Parlin-Ingersoll Public Library

-----

*My first graders thoroughly enjoyed Scotti's presentation! They have been talking about wolves ever since! Scotti interacted with the students so well and had them engaged the entire time. The pictures really captured the students' attention. My students loved Lobo, too!*

Jenny Haas / First Grade  
Jefferson Park School, El Paso, IL

-----

*The children and I had a great time. I loved the way Scotti held the students' attention and reinforced the writing process. Great job!*

Dawn Rhoda / Third Grade  
Chenoa Elementary School, Chenoa, IL

-----

*The kids really enjoyed hearing the story and learning about wolves. I think they especially loved seeing the pictures of the pups, Lobo the wolf, and learning the different howls they can make.*

Julie McGraw - Pre-K / ECSE Teacher  
Chenoa Elementary School, Chenoa, IL

-----

*The students loved the book, howling, and Lobo and Lupa, and they enjoyed comparing their hands to a wolf's paw.*

Kim Walk - Director/Pre-K teacher  
The Mulberry School, Bloomington, IL

-----  
*The presentation given by Scotti Cohn last week was wonderful. Ms. Cohn involved the children and tied factual information about wolves to her fictional characters. My students have been learning about realistic fiction and it was exciting to watch them connect their learning to the book. In particular it was gratifying to see one of my students who is diagnosed with autism, become completely engaged. Thank you for a wonderful experience.*

Julie King / First Grade  
Le Roy Elementary School  
Le Roy, IL
